

SOCIAL INNOVATION: LEARNING FROM LOCAL WISDOM TO TACKLE GLOBAL HEALTH PROBLEMS.

A PROUD PARTNER OF

**SOCIAL
INNOVATION
IN HEALTH
INITIATIVE**

SIHI Indonesia is looking for **social innovators with a focus on tackling health problems in Indonesia.**

We encourage you to **join the global community of social innovators** to share ideas and strategies to solve global health problems.

WHAT IS SIHI?

The Social Innovation in Health Initiative

(SIHI) is a network of communities, institutions, and researchers that work collectively to solve global health problems.

The SIHI has identified **288 innovations from 17 countries**. Now, it is Indonesia's social innovations turn to shine.

The Center for Tropical Medicine, Universitas Gadjah Mada is currently initiating the **SIHI Indonesia Hub for all social innovations throughout Indonesia**.

Hence, we encourage all of you, the social innovators, to join the SIHI Indonesia Hub.

We are looking for **social champions and their social innovations** that collectively work to tackle health issues occurring in their communities.

Get the opportunity to participate in **social innovation crowdsourcing and capacity-building workshop** for hands-on experiences in disseminating your work at the global level.

WHAT ARE THE BENEFITS OF PARTICIPATING IN SIHI CROWDSOURCING?

- **To meet and share ideas** with other social innovators nationally and globally.
- **To disseminate** your social innovations at both national and global levels.
- Get the hands-on experiences and one-on-one mentoring with the experts to:
 - explore the critical aspects and strategies of your social innovation.
 - learn and hone your skills in documenting outputs and impacts of your social innovation.
 - publicize your social innovation through writing.
- Grab the opportunity to get seed funding for developing your social innovation.

SO, ARE YOU THE SOCIAL INNOVATOR THAT WE ARE LOOKING FOR?

SIHI is looking for **local communities, NGOs, startups, primary healthcare, research, and others** that are working on solving health issues, specifically health topics below:

health emergency response

disease control

health promotion and primary care

THE CRITERIA:

- The program/innovation has been running for **at least six months**.
- **Community's involvement** as a part of the innovation/program is necessary.
- **Research-based intervention/programs are eligible** to participate.
- Able to **participate in the capacity-building workshop and mentor sessions** in September for the selected participants.

SO, WHAT ARE YOU WAITING FOR?

- **Submit your social innovation** by filling the registration form. You may download the form at <https://centertropmed-ugm.org/SIH-Indonesia/> Send out the form at indonesia@socialinnovationinhealth.org September 24th, 2021, at 11.59 PM.
- **The selected social innovations** will be notified on October 8th, 2021.
